

## Excellence in Innovation Awards 2020

### AWARD RECIPIENT

CRC FOR ALERTNESS, SAFETY & PRODUCTIVITY

**Light Beyond Vision – Improving sleep, health and wellbeing through the MelaGen® lighting innovation**

"The quality of entries for the 2020 awards was uniformly high. The award is testament to the innovative and groundbreaking work that was undertaken by the team. It is a great example of what can be accomplished when industry and researchers collaborate for the common good. We have no doubt that MelaGen® will be a transformational product that will change the lives of people around the world".

State Sales Manager (VIC) / National Product Manager Healthcare  
Versalux Lighting Systems  
MelaGen  
28 Edgerton Road, Mitcham, VIC 3132, Australia

Dear Vince,

Congratulations to the CRC for Alertness, Safety and Productivity, Versalux Lighting Systems, and Monash University for winning a 2020 Award for Excellence in Innovation for your project: Light Beyond Vision-Improving sleep, health and wellbeing through MelaGen™ lighting innovation.

The quality of entries for the 2020 awards was uniformly high. The Award is testament to the innovative and groundbreaking work that was undertaken by the team. It is a great example of what can be accomplished when industry and researchers collaborate for the common good. We have no doubt that MelaGen™ will be a transformational product that will change the lives of people all around the world.

I would also like to thank you for participating in Collaborate Innovate 2021 and hope you can join us in person for part two in Canberra in March 2022.

Once again, congratulations and best wishes for your continued success.

Kind regards,

A handwritten signature in blue ink, appearing to read 'Jane O'Dwyer', with a stylized flourish at the end.

**Jane O'Dwyer**  
Chief Executive Officer
